Scantronic & Menvier SDR-xEXT External Sounder

- **Common housing with options for wireless Grade 2 and wired at Grade 2 and Grade 3 applications:** ideal for use with Scantronic and Menvier products or other wired systems
- **Grade 3 wired remote self-test function:** quickly check the status of the siren from the keypad
- **High-power comfort LEDs/LED strobes:** offering reassurance on live sounder – plus deterrence on dummy variant
- **Silent maintenance mode, self-supporting lid, built-in spirit level and adjustable mounting brackets:** making life easier for installers
- **Long radio range and battery life:** widening installation options further
- **Logo-printed, impact-resistant cover in blue, amber and red:** providing installers and customers with choice of colours and personal customisation
